WHAT IS TRAILBLAZERS?

A digital tool designed for students, driven by teachers

Every trail is flexibly designed for teachers to use in whole group, small group, or 1:1. Students can also work independently on their own devices when you're ready. The same content, the same lessons: you choose how it's used in your classroom.

- 9 themes
- 24 activity types
- 28 trails
- K-1 standards aligned

WHAT MAKES IT DIFFERENT?

iPad-first, touch-first

Native touch experience — not a desktop product squeezed onto a tablet

Developmentally appropriate

Audio and visual guidance on every screen — students navigate independently

Encouraging by design

Supportive redirects only — no red X's, no score shaming, no failure language

Built for the classroom

Lessons designed for teacher modeling — whole-group, small-group, or 1:1

Benny + personal avatars

Consistent characters that guide and engage students throughout every trail

Spiraled review

Cyclical practice across trails builds memory retrieval and automaticity
